Manulife Asset Management Services Berhad declares income distributions for four equity funds

Kuala Lumpur – Manulife Asset Management Services Berhad (MAMSB) today declared income distributions for four of its equity unit trust funds for the financial year ended 30 June 2016. The income distributions are 2.00 sen for Manulife Investment Balanced Fund, 2.40 sen for Manulife Investment Regular Savings Fund, 4.00 sen for Manulife Investment Syariah Index Fund and Manulife Investment Equity Index Fund, respectively.

All unit holders who maintained their units in the four funds as at 27 June 2016 are entitled to receive the distributions.

Mr. Wong Boon Choy, Chief Executive Officer and Executive Director of MAMSB said, “The distributions declared underscore our commitment in providing investors with consistent returns across market cycles. They translate into distribution yields of ¹4.52%, 7.64%, 5.75% and 7.18% for Manulife Investment Balanced Fund, Manulife Investment Regular Savings Fund, Manulife Investment Syariah Index Fund and Manulife Investment Equity Index Fund respectively. The above four funds have also delivered a five-year return of ²26.29%, 40.82%, 22.46% and 13.55% respectively. We are happy that all four funds have managed to achieve their investment objectives for unit holders.”

Manulife Investment Balanced Fund is a balanced income fund. Its primary investment objective is to achieve medium- to long-term capital appreciation and to provide dividend income. The Fund is designed for investors who seek regular income. The Fund is suitable for conservative investors seeking relatively higher returns than fixed deposits but dislike the higher risks associated with a full equity portfolio.

Manulife Investment Regular Savings Fund is an equity growth fund. The Fund seeks to provide long-term goal of capital appreciation by maintaining a minimum exposure of 80% in equities and equity-related instruments at all times. The Fund is designed for investors who are willing to accept moderate to high level of risk. It is suitable for investors seeking high capital appreciation. Investors should ideally have a medium- to long-term investment horizon of between 3 and 5 years.

Manulife Investment Syariah Index Fund is an Islamic equity index-tracking fund. Its primary investment objective is to track the performance of the FTSE Bursa Malaysia Emas Shariah Index (FBMSHA). The Fund also aims to generate annual distribution. The Fund is designed for investors who seek capital appreciation over the long term of at least 5 years. The Fund is suitable for investors seeking Shariah-compliant investment avenues.

¹ Based on average net asset value per unit from 1 July 2015 to 30 June 2016.

² Lipper, total return as at 30 June 2016.

Manulife Investment Equity Index Fund is an equity index-tracking fund. Its primary investment objective is to track the performance of the FTSE Bursa Malaysia KLCI (FBM KLCI) at less than the average market risk through its overall investment strategy of investing predominantly in index linked stocks. The Fund is designed for investors who are seeking capital appreciation over the long term of at least 5 years. The Fund is suitable for investors who have low income requirements and ideally should have a long-term investment horizon of at least 5 years.
