The Offering Documents have been registered with the SC, however the registration with the SC does not amount to nor indicate that the SC has recommended or endorsed the product. There are risks involved with investing in unit trust funds; wholesale funds and/or private retirement schemes. Some of these risks associated with investments in unit trust funds; wholesale funds and/or private retirement schemes are currency risk, country risk, credit and default risk, concentration risk, stock specific risk, reclassification of Shariah status risk, fund manager/ investment manager/target fund manager risk, liquidity risk and interest rate risk. For further details on the risk profile of all the funds, please refer to the Risk Factors section in the Offering Documents. The price of units and income distribution may go down as well as up. Investors should compare and consider the fees, charges and costs involved. Investors are advised to conduct own risk assessment and consult the professional advisers if in doubt on the action to be taken. Past performances are not an indication of future performances. Where a unit split/distribution is declared, investors are advised that following the issue of additional units/distribution, the NAV per unit will be reduced from the pre-unit split NAV/cum-distribution NAV to post-unit split NAV/ex-distribution NAV; and where a unit split is declared, the value of your investment in the Fund’s denominated currency will remain unchanged after the distribution of the additional units.
